Re: Proposal to Revise Energy Efficient Lighting Program
Docket No. 2010-41-E

Dear Mrs. Boyd:

Pursuant to Order No. 2010-146 dated February 12, 2010, the Commission approved a request by Carolina Power & Light Company, d/b/a Progress Energy Carolinas, Inc ("PEC") to introduce an experimental energy efficiency program targeting the use of high efficiency lighting products by the residential market. The Residential Lighting Program RS-RL-2 offers discounted pricing to customers from various lighting manufacturers at retail points of purchase. PEC now seeks to revise and update this program to better reflect current lighting technologies. Additionally, the Company seeks to revise the program title to recognize that these lighting products are purchased and utilized by both residential and non-residential customers.

The new Energy Efficient Lighting Program EEL-2 will supersede the existing RS-RL-2 program. EEL-2 will include additional lighting technologies which are maturing in the market. The new technologies include lighting fixtures and highly efficient lighting sources that are no longer restricted to products meeting ENERGY STAR qualifications. As noted above, the EEL-2 program further proposes to provide this discounted pricing to both residential and non-residential customers through the continued use of pricing incentives at participating retail points of purchase. The tariff is also revised to describe the general provisions of service and program attributes.

A copy of proposed Energy Efficient Lighting Program EEL-2 is attached as Exhibit No. 1. Attached as Exhibit No. 2 is a mark-up of the current Residential Lighting Program RS-RL-2 tariff that highlights all changes being requested to the current tariff. If you have questions or comments about this request, please let me know.

Very truly yours,

Timika Shafeek-Horton
Deputy General Counsel

EXPERIMENTAL

ENERGY EFFICIENT LIGHTING PROGRAM EEL-2

PURPOSE

The purpose of this program is to encourage the installation of energy efficient lighting products through education and through the use of pricing incentives at participating retail points of purchase.

AVAILABILITY

This program provides discounted pricing to customers on qualifying high efficiency lighting products at participating retailers. The program is being targeted to the Company's residential and non-residential customers. The program offers a discounted price for selected energy efficient lighting products from various manufacturers, subject to their availability, at retail points of purchase.

INCENTIVE PAYMENTS

Customers will receive a reduced price for selected ENERGY STAR® and other qualified lighting products at the retail point of purchase. Participant incentives will vary depending on bulb or fixture type, wattage, and packaging. The incentive discount may vary by retailer to best influence the customer's purchase decision.

<u>Energy Conservation Measure</u>	<u>Estimated Average Incentive Payment per Bulb or Fixture</u>	<u>Eligibility Requirement</u>
1. Compact Fluorescent Lightbulbs ("CFLs")	\$1.50	ENERGY STAR Qualified
2. Light Emitting Diodes ("LEDs") Bulbs	\$7.50	ENERGY STAR Qualified
3. Efficient Incandescent Bulbs	\$0.75	≥ 2 times baseline efficacy
4. High Efficiency Lighting Fixtures	\$9.00	ENERGY STAR Qualified

RESPONSIBILITY OF PARTIES

Customers must purchase qualifying products at participating retailers agreeing to the terms and conditions of this offering.

COMPANY RETENTION OF PROGRAM BENEFITS

Incentives and other considerations offered under the terms of the program are understood to be an essential element in the recipient's decision to participate in the program. Upon payment of these considerations, Company will be entitled to any and all environmental, energy efficiency, and demand reduction benefits and attributes, including all reporting and compliance rights, associated with participation in the program.

GENERAL

Service rendered under this program is subject to the provisions of the Service Regulations of the Company on file with the state regulatory commission.

Supersedes Tariff RS-RL-2

Effective on and after _____
